

## COACH'S CODE OF CONDUCT

As a coach for Vision Volleyball, I agree to uphold the standards set forth by the club. I agree with the mission of Vision as outlined and will do everything in my power to promote character qualities in the athletes that are consistent with the Christian values of Vision Volleyball. I will not engage in any kind of unsportsmanlike conduct that will embarrass the club, my team, the parents or myself. In addition:

I will promote unity among the players on my team.

I will not speak my players in a degrading way.

I will be mindful of how my actions affect my players.

I will be respectful of parents and be open to listening to their concerns and addressing issues in a positive manner.

I will not speak disrespectfully to officials.

I will conduct myself with professionalism at all times and be mindful that I am a representative of Vision Volleyball and all that it stands for.

Any concern that I have with respect to Vision Volleyball Club, its board or director, will be brought to the director before being discussed with any outside party.
